

VISIT **LEEDS**

Evidence supporting osteopathic clinical practice

Saturday 3rd December, 2011 in Leeds

In response to popular demand,
NCOR is re-running in LEEDS
the very successful conference held in Brighton earlier this year,
updating osteopaths on emerging evidence that you can usefully
apply in practice today!

Presentations include

Dr Nefyn Williams **The evidence for sciatica**

Dr Dawn Carnes **Adverse events in manual therapy**

Dr Janine Leach **Complaints and claims against
osteopaths: triggers and trends**

Professor Ann Moore **Patients' expectations of
osteopathic care – implications for practice**

Mr Steven Vogel **Clinical Risk, Osteopathy and
Management: new perspectives arising from the
CROaM study**

Dr Ian Drysdale **Patients' experiences of
osteopathic care**

The cost of the full day conference including lunch is £60 for osteopaths, and £39 for osteopathic students.

Six hours of CPD is available for the conference.

Please contact Carol Fawkes, NCOR Research Officer, for an application form
(c.a.fawkes@brighton.ac.uk or
Telephone: 01273 643457) or go to <http://www.brighton.ac.uk/ncor/news/index.htm> to
download a copy of the booking form.
