

WHAT DO WE DO?

HEPCOM develops a European learning platform that assists local communities in their work for preventing obesity among children and young people.

HOW WILL WE DO THIS?

YOUR NEEDS

By mapping existing projects identifying existing good practice initiatives on healthy eating and physical activity.

ENGAGEMENT

By engaging local communities, schools and helping professionals to use existing tools.

WEB

By creating a web based learning platform full of good practice tools for local authorities and communities.

AWARENESS

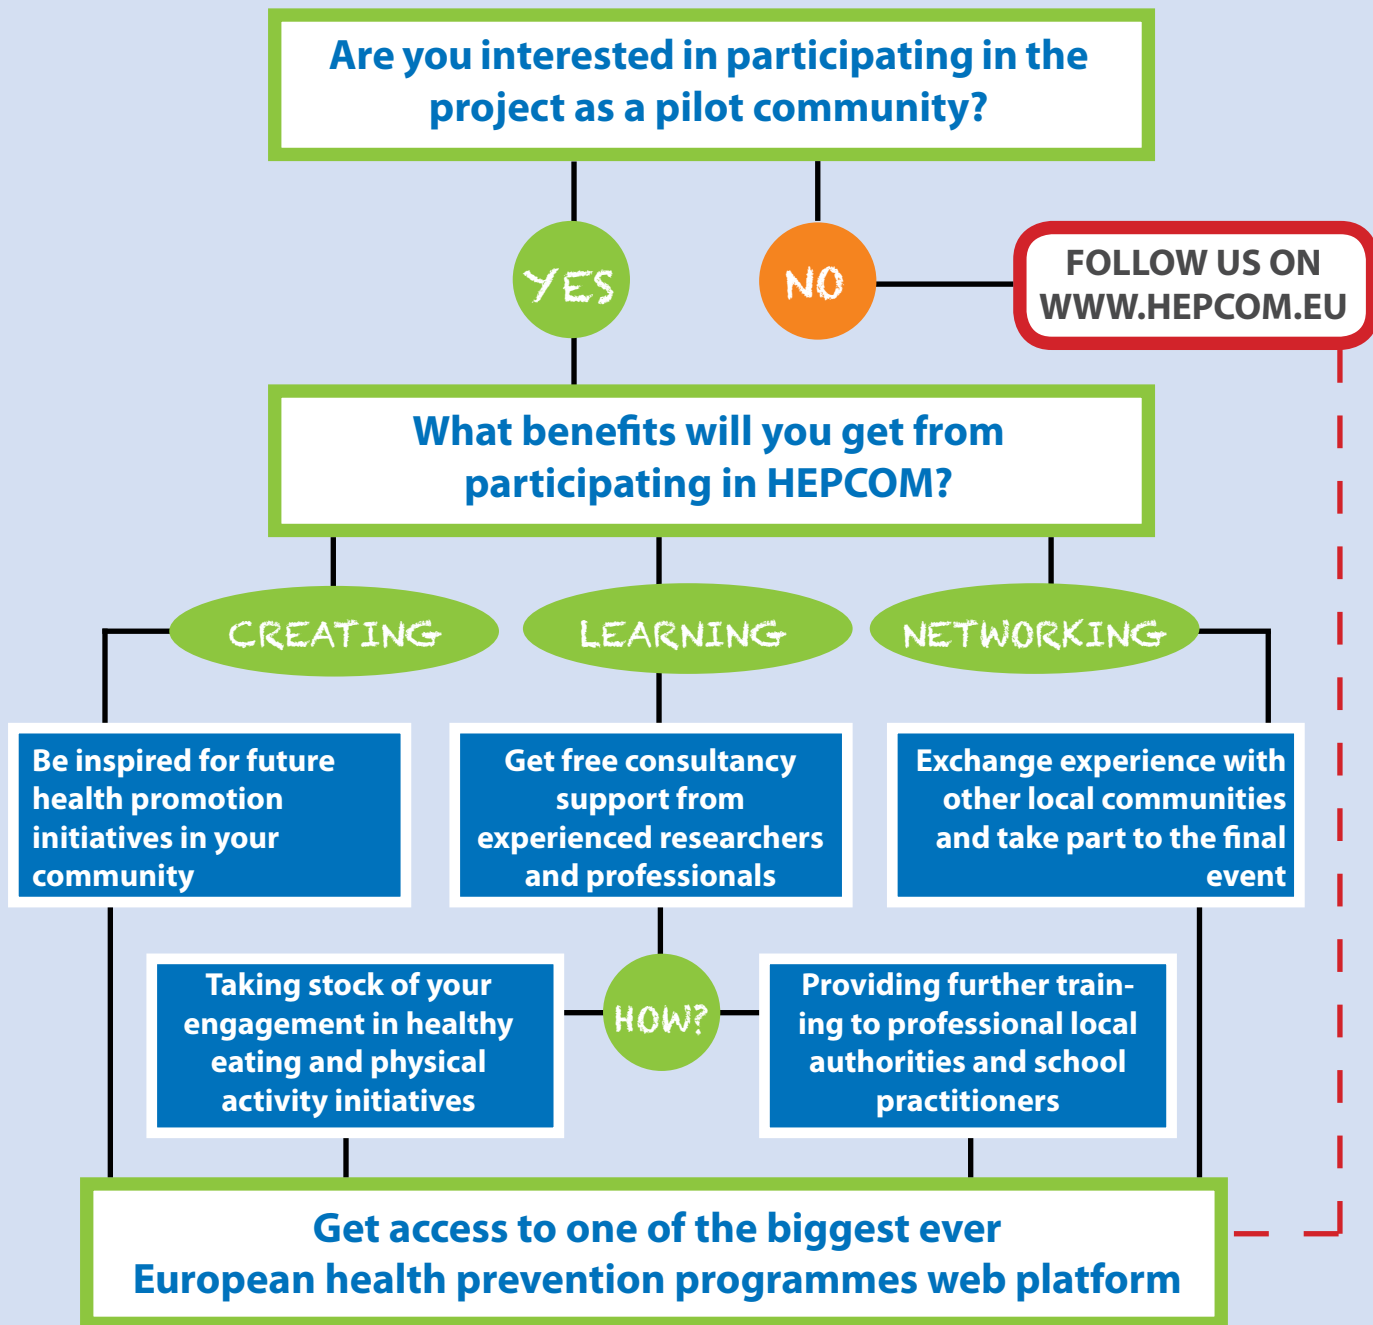

By raising awareness and providing easy and clear access to existing good practices.
